

Admission Letter to INESC TEC International Visiting Researcher Programme – 2022 Edition

Porto, November 9, 2022

To whom it may concern,

We hereby confirm that on October 7, 2022, **Laércio Pioli Junior**, passport FP475788, was admitted to participate in the *INESC TEC International Visiting Researcher Programme*. The internship will take place from 01/04/2023 to 30/06/2023 at INESC TEC's headquarters, located in the Campus of the Faculty of Engineering of the University of Porto, Rua Dr Roberto Frias, 4200-465 Porto, Portugal.

This mobility program enables individuals affiliated with institutions outside of Portugal to benefit from an immersive experience in INESC TEC's ecosystem to explore and develop collaborations in the institution's fields of knowledge, engage in interdisciplinary and collaborative research with scientific peers and acquire and transfer new knowledge. As such, these individuals will be given the status of *External Researcher* by INESC TEC and sign a mobility contract with the latter that specifies, among other aspects, the components of such support during the visiting period:

- Monthly allowance: € 1450;
- Work Accident Insurance.

Under Helder Oliveira's supervision, Laércio Junior will conduct research activities on "Interpretable Machine Learning: an image analysis approach" in compliance with INESC TEC's internal regulations.

Although Laércio Junior will be a beneficiary of INESC TEC's International Visiting Researcher Programme, he will retain his affiliation to his home institution – Federal University of Santa Catarina, located in Brazil.

We look forward to Laércio Junior's visit and will make every effort to provide him with the best hosting and supervision conditions. For additional queries, please contact our International Relations Service at (+351) 22 2094 019 or by e-mail at internationalrelations@inesctec.pt.

Sincerely,

João Claro, Vice-Chairman of the Board of Directors

Maria da Graça Barbosa, Member of the
Board of Directors
